15
ECTS

Certification

International logistics and supply chain management

htw saar

Luxembourg Institute of Science and Technology (LIST) and the Hochschule für Technik und Wirtschaft des Saarlandes offers, in collaboration, a complete training programme in Logistics and Supply Chain Management. Attendees will acquire knowledge and skills through a well balanced theoretical and practical range of modules. This programme will enable participants to meet experts, exchange with peers and visit logistics companies in the Greater Region. All trainees will be granted with a 15 ECTS certificate.
