KEY MESSAGE

Celebrating 15 years of innovation, collaboration, and growth, 2024 has been a landmark year for Luxembourg's logistics sector.

The Cluster for Logistics (C4L) has demonstrated remarkable resilience, successfully navigating global challenges and steadfastly driving forward with a commitment to excellence.

2024 Highlights:

- Welcoming new members who bring fresh perspectives and capabilities, further bolstering our community.
- Significant advancements in sustainable logistics with the Lean & Green Initiative, reaffirming our commitment to environmental stewardship.
- Pioneering digital transformation initiatives that have streamlined operations and enhanced efficiency.
- Expansion of multimodal transport options, improving connectivity and reducing our carbon footprint.
- Strengthened cross-border collaborations, solidifying our status as a key European logistics hub.

Our collective achievements are a testament to the dedication and hard work of all our members, partners, and stakeholders.

As we look ahead to 2025, we are committed to continuing our journey of growth and innovation, embracing new opportunities in technology, sustainability, and infrastructure.

The Cluster for Logistics remains your trusted partner, working hand-in-hand with policymakers and businesses to enhance Luxembourg's logistics performance and drive economic growth.

Together, let's pave the road ahead for a brighter, more sustainable future in logistics.

UECC celebrates its 75 years in Basel !

The Cluster for Logistics cooperates strongly with the Union of European Chambers of Commerce and Industry for Transport (UECC).

The UECC is an association of 49 Chambers of Commerce and promotes economic development in its area of interest in the broadest sense. It also advocates free access to all ways of transport, the principle of free choice of the means of transportation. It organizes dedicated congresses and publishes resolutions as part of its promotion and lobbying activities.

A congress celebrating the 75 years of existence took place in Switzerland on May 2nd and 3rd at the invitation of the Basel Chamber of Commerce. The delegation previously visited the Bahn24 rail congress, where, among other things, the unbundling of rail transport in the Basel rail account was discussed.

Davor Sertic, President of the UECC presented a new resolution. The economic centers along the Rhine-Alpine, Scandinavian-Mediterranean, and Rhine-Danube transport corridors are facing logistical challenges. To ensure that these three major transport axes remain key hubs for the supply and accessibility of our continent, the Union of European Chambers of Industry and Commerce for Transport Issues (UECC) is calling for the separation of rail traffic on the occasion of its 75th anniversary. The resolution was adopted at the General Assembly in Basel on May 3rd 2024.

<https://audiovisual.ec.europa.eu/en/video/I-261010?lg=DE>

On the 1st and 2nd October 2024, the members of the UECC organized a congress in Duisburg dedicated to the future of logistics and supply chains.

President of the European Commission, Ursula von der Leyen, presented her best wishes for the 75th anniversary of the UECC .

During the event, the UECC presented to new resolutions "Trade and prosperity in Europe need open borders and an efficient infrastructure" and "Strengthen the performance and resilience of the waterway system".

The UECC co-signed the declaration of intent "Perspective of Sustainable Rhine Navigation 2030" in September 2024 in Düsseldorf. The 90 signatories - state transport ministries, Dutch provinces, cities, ports, chambers of commerce and industry, associations, companies and others - have agreed to create a corresponding medium and long-term concept for all those involved for the target year 2030 and the long-term target 2050 for a green inland shipping corridor on the Rhine.

EDUCATION

D.T. LOGISTICS 2023/24

The Cluster for Logistics is strongly invested in the Diplôme de Technicien en logistique school course and rewards every year the efforts of the ongoing young professionals.

During the 15th anniversary event on 15th October, the Cluster for Logistics took the opportunity to highlight the future of logistics by awarding the best students of 2023/2024 from the DT Logistics and the LCL Master Program.

- Svenja Feltz, 3TCGL
- Jessica Bertrand, 2TCGL
- Nico Schuster, 1TCGL
- Carmela Franchitti, 1TCGL
- Dickon Kirsten Fernandes, Master Student
- Ilse Berenice Cruz Salas, Master Student

INNOVATION & SUSTAINABILITY

11.01. 1st Sustainable Logistics Innovation Event Mertert

The C4L supports Start-ups in logistics and supported an event held at Mertert with 3 start-ups in cooperation with CorpPearls, the Maritime Cluster, the Ministry of Transport and Public Works, on Start-ups and innovation subjects. This time, the event was dedicated to innovation, including the sustainable logistics innovation hub strategy of Mertert. It included a presentation of Kouros activities, and pitches by UNLEASH FUTURE BOATS, VISENSYS and PERFORMAX.

22.02. Gulliver Future of Last Mile

The Cluster for Logistics Luxembourg was a proud partner of Gulliver s.r.l. for their seminar about the future of the Last Mile Delivery. The C4L thanks Tomorrow Street and new premium member Vodafone for their support of the event on 22nd February 2024.

Gulliver presented the newest features of their application G-Transport and elaborated on their current Artificial Intelligence research project with the Universität Luxemburg. The application includes easy to use delivery and route planning features. The company has concluded a partnership with Google for the implementation of maps.

The event was concluded with a networking session.

INNOVATION & SUSTAINABILITY

31.01. 2024 Lean & Green Awards 2023
@ Post Luxembourg

The Cluster for Logistics was delighted to welcome Lex Delles, Minister of the Economy, along with over 130 guests at the New Year's reception at the HELIX Building of POST Luxembourg on 31st January 2024. The C4L took the opportunity to present two additional companies with the Lean & Green Awards.

Mario Treinen, Director of POST Courier and Vice-president of the Cluster for Logistics, welcomed the guests on behalf of POST Luxembourg. During the event, the Cluster for Logistics rewarded two companies with the Lean & Green awards.

The new Lean & Green candidate Streff prepared an action plan to reduce their CO2 emissions by at least 20 percent. They received the Lean & Green award and have 5 years time to implement their measures.

Luxport Group is already two steps further. The Cluster is proud to award Luxport with the second Lean & Green star. The company was able to reduce its emissions from logistics activities by more than 30 percent compared to 2015.

INNOVATION & SUSTAINABILITY

27.02 Charging the Future

A Roadmap for Deploying on-site Charging Infrastructure @ Schroeder & Associés

03.04 European LAG Meeting Lean & Green in Rome

The Cluster for Logistics Luxembourg joined the strategy meeting organized by Connekt in Rome. The event was dedicated to the future development of the programme.

The Cluster for Logistics Luxembourg - C4L and Schroeder & Associés S.A. hosted a dynamic conference on the implementation of charging infrastructure for electric vehicles. The interactive event on 27th February 2024 attracted over 70 guests and delved into three key topics: planning & conception, equipment & infrastructure, and costs & financial aids.

27.03 Examining the implications of CSRD Obligations on Decarbonization Strategies @ KPMG with CML & House of Sustainability & C4L

The Luxembourg Maritime Cluster, the Cluster for Logistics and KPMG Luxembourg invited to a conference on the implications of the Corporate Sustainability Reporting Directive (CSRD) on decarbonization strategies on 26th March 2024.

Mr. Henri Prijot, Partner at KPMG Luxembourg, welcomed the over 70 participants at the premises KPMG. Ms. Jil Brimaire of the Cluster for Logistics led through the conference with expert panelists with transportation, logistics, finance, and consulting backgrounds.

INNOVATION & SUSTAINABILITY

18.04 SUPPLY CHAIN LEGISLATION, CSDDD IS IT A GAME CHANGER OR JUST ANOTHER BOX TO TICK?

The Cluster for Logistics Luxembourg - C4L and the Luxembourg Centre for Logistics & Supply Chain Management (LCL) invited to their annual conference at the Luxembourg Chamber of Commerce. This year's title: Supply Chain Legislation, is it a Game Changer or just another Box to tick? with a special focus on the CSDDD, the Corporate Sustainability Due Diligence Directive.

Benny Mantin, Director of the LCL, opened the conference, followed by a keynote speech by Dirk Zetzsche, Professor at the University of Luxembourg, to set the context by explaining the CSDDD and what it may entail.

A panel gave a short presentation to introduce a relevant topic and their perspective for the panel discussion: Supply Chain Due Diligence - Practical Implications.

22.05 LET'S GO CIRCULAR : HOUSE OF SUSTAINABILITY, TERRA MATTERS & C4L

As part of Sustainability Cycles, the Chamber of Commerce organized an event dedicated to the circular economy: "Circulating to last: how the circular economy is transforming industries. ". This event was organized in collaboration with Cluster for Logistics, Terra Matters and SuperDrecksKëscht and LetsGOCircular.

The conference included a presentation by LetsGOCircular on Luxembourg's circular economy strategy. Additionally, the event covered the PCDS (Product Circularity Datasheet), the consulting services of SuperDrecksKëscht as well as the financial aid available for investing in the circular economy.

INNOVATION & SUSTAINABILITY

23.05 Start Up Event: Shaping Tomorrow's Transport and Logistics Solutions with Corp Pearls, MMTP & C4L

The Cluster for Logistics and CorpPearls, in partnership with the Ministry of Mobility and Public Works, invited to an innovation and start-up pitch event: Shaping Tomorrow's Transport and Logistics Solutions. The matchmaking conference at the House of Entrepreneurship provided an inspiring afternoon of innovation at the cutting-edge intersection of transport, logistics, and legal tech, moderated by Tobias Verlende, CorpPearls.

The participating start-ups:

AIRIAL UAS has developed a state-of-the-art solution for unmanned aerial systems for the logistics and inspection market.

KONVOI's preventive truck security solution provides data-based everything it takes to effectively resolve theft, damage, lack of transparency and inefficiencies in your fleet.

NAVLANDIS developed and manufactures the Zbox, the next generation of shipping containers.

aSR offers solutions for testing and experiencing advanced driver-assistance systems (ADAS) functions and autonomous driving in a virtual test drive.

RespectUs offers visionary solutions to forge a new era of export control compliance.

INNOVATION & SUSTAINABILITY

Page 14

7.12 LEAN & GREEN AWARDS 2024

@GOODYEAR
with JOHN DRIEGE, DHL EXPRESS and Group V

The Cluster for Logistics Luxembourg extends its congratulations to JOHN DRIEGE TRANSPORT LOGISTICS for achieving the Lean & Green label, to Group V for earning their first Lean & Green star, and to DHL Express Luxembourg for obtaining their second Lean & Green star.

These recognitions were awarded during the 8th Lean & Green Luxembourg Ceremony by Jil Brimaire and Daniel Kohl on December 11, 2024, at the Goodyear Innovation Center Luxembourg.

The event, attended by 60 guests, was opened by Xavier Fraipont from The Goodyear Tire & Rubber Company who emphasized the importance of sustainable initiatives and emerging opportunities in the sector.

NETWORKING & LOBBYING

23.02. Visit at Luxport with the Chamber of Commerce and C4L

The Chamber of Commerce and the Cluster for Logistics visited Luxport in Merttert. Gilles Braquet and Paul Winter presented the activities to Carlo Thelen and the C4L Team.

The Cluster for Logistics went to the SITL fair in Paris and visited C4L members that were present with a stand: Transalliance, CFL multimodal, SHIPSTA & CTI SYSTEMS.

21.03. Visit of SITL Fair Paris C4L, Transalliance, CFL multimodal, SHIPSTA & CTI SYSTEMS

NETWORKING & LOBBYING

**CLUSTER
FOR
LOGISTICS**
LUXEMBOURG
ADDING VALUE IS THE KEY.

14.05 COMPANY VISIT @ AMAZON ETZ2

The Cluster for Logistics Luxembourg - C4L had the pleasure to invite its members for a company visit to the 2nd Amazon Robotics Fulfillment Center in France **ETZ2**, located in Augny, Eurométropole de Metz. It was a unique opportunity to gain insights into the innovative operations and cutting-edge technologies that drive one of the world's leading e-commerce giants. The Cluster members gained valuable knowledge about how Amazon seamlessly manages the journey of a package from arrival to dispatch.

17.06 Meeting with Minister of Mobility and Public Works Yuriko Backes and Minister of Economy Lex Delles @ MMTP

The Cluster for Logistics Luxembourg - C4L had a constructive cross-ministerial meeting with Yuriko Backes, Minister for Mobility and Public Works, Lex Delles, Minister of the Economy, and their representatives, focusing on the current challenges and opportunities in the transport and logistics sector in Luxembourg.

The Cluster for Logistics was represented by Carlo Thelen, President of the Cluster and Director General of the Luxembourg Chamber of Commerce, Mario Treinen, Vice President of the Cluster and Director of POST Luxembourg Courier, and Daniel Kohl, Director of the Cluster.

The Cluster for Logistics sincerely thanks both ministers for their interest and the open discussion.

PROMOTION

18.04. Tag der Logistik

EuroComposites & IEE in Echternach and FANUC in Contern

The Cluster for Logistics Luxembourg - C4L organized three company visits in the context of the Supply Chain Day 2024.

- A joint visit of EURO-COMPOSITES-GROUP & IEE Sensing in Echternach: This visit was organized for Cluster Members and faculty members of the Luxembourg Centre for Logistics & Supply Chain Management.

- A visit of FANUC Europe in Contern: This visit was organized for the students of the Master Program in Logistics and Supply Chain Management at the University of Luxembourg. We would like to thank Euro-Composites S.A., IEE and Fanuc for opening their doors today!

On the pan-European Supply Chain Day, the public gets an insight into the variety of logistics tasks and careers in companies from industry, trade and services.

PROMOTION

**18.10. Henan Province Delegation
meets C4L**

**26.11. Henan Province Delegation
meets C4L**

The Cluster for Logistics and the Chamber of Commerce welcomed delegation of the Henan province on two occasions. They were interested in learning more about the Luxembourg opportunities in logistics and industry.

**03.12. Delegation of Republic Kosovo Ministry of
Economy and Trade meets C4L**

The Cluster for Logistics met with a delegation from Kosovo during their full day visit in Luxembourg. Daniel Kohl presented the Luxembourg logistics sector and gave insights on how to organise a cluster dedicated to logistics, including partnerships and dedicated projects.

KNOWLEDGE SHARING

Page 19

22.04 YEP Foire + Speed Dating
@ The Box Kirchberg

The Cluster for Logistics organized the stand at the school fait YEP-Schoulfoire, aimed at children and young people in the fourth cycle of primary and secondary education.

The C4L took the opportunity to organize a speed dating for upcoming DT Logistics students. Over 20 students met with 6 companies who were eager to meet the new applicants. The event hosts numerous workshops, events and presentations.

KNOWLEDGE SHARING

06.05. LOGISTICS INFORMATION DAY
with ALVA, Douanes & Accises, ILNAS,
3CeL Consulting, VAT Solutions,

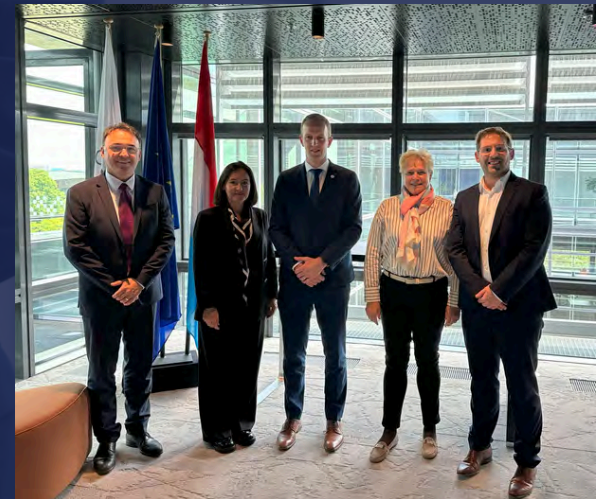

**CLUSTER
FOR
LOGISTICS**
LUXEMBOURG
ADDING VALUE IS THE KEY.

The Cluster for Logistics invited its members to a Logistics Information Day about import, export, Good Distribution Practice (GDP) and VAT regulations on 6th May 2024. The event was a good occasion for the administrations ALVA, ILNAS and Douanes to show the recent changes and upcoming regulations regarding controls and processes at the Luxembourg airport.

Moreover, the GDP Pharma certification was presented and VAT pitfalls in the logistics sector were explained since GDP Pharma and VAT are closely interlinked with import and export activities. The conference was aimed at logistics parties involved in import and export processes and customs such as forwarding agents and actors involved in air cargo activities

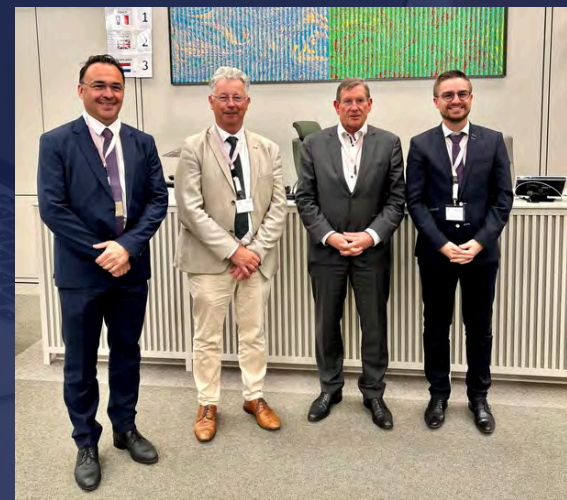

Daniel Kohl of the Cluster for Logistics welcomed the 40 participants at the House of Entrepreneurship.

04.06 VIP Lunch @ Chambre de Commerce

The Cluster for Logistics organized a VIP meeting with a video session for the 15 years anniversary event. We thank Hjoerdis Stahl, Barbara Chevalier, Mario Treinen and Gilles Braquet for their testimonial.

14.06 Benelux Parliament @ The Hague

The Cluster for Logistics represented the Chamber of Commerce at the Benelux Parliament.

The subject of the day was dedicated to cybercrime.

KNOWLEDGE SHARING

20.06. Supply Chain Risk Management: Strategies for Success with Hamlet Consulting, Prewave and L-DIH

The Cluster for Logistics Luxembourg - C4L, Hamlet Consulting Luxembourg, and Prewave hosted an insightful conference at the Luxembourg Chamber of Commerce: Supply Chain Risk Management: Strategies for Success.

Daniel Kohl, Director of the Cluster, opened the conference and welcomed the participants. Florian Grova, Senior Manager at Hamlet Consulting Luxembourg, elaborated on a new paradigm to make supply chains more sustainable and safer. Next up, Guillaume Waline, Senior Manager Strategic Alliances at Prewave, explained how companies can capitalize on their deep supply chain with AI. Finally, Joachim Clemens-Stolbrink, Manager at the Digital Innovation Hub, presented the program and support services of the one-stop-shop for digital support, the Luxembourg Digital Innovation Hub.

26.06. City Logistics Workshop with Streff, Interoute & T.S.Lux and UNI.lu & C4L

The Cluster for Logistics Luxembourg - C4L hosted a discussion round around the challenges, the opportunities, and the future of City Logistics in Luxembourg.

Several cluster members participated in this discussion facilitated by Laura Palacios-Argüello, Research Scientist at Luxembourg Centre for Logistics & Supply Chain Management at the University of Luxembourg.

KNOWLEDGE SHARING

24.09 Sommet Economique
@ Ville de Dudelange

03.07. Safety and Security Conference with DGM, Luxcontrol, Securitas and Jungheinrich

The Cluster for Logistics invited to an informative afternoon dedicated to enhancing safety and security in the logistics and transport sectors. C4L-Director Daniel Kohl welcomed the 40 guests at the House of Entrepreneurship on 3rd June 2024. The event brought industry leaders, safety experts, and innovative solution providers together to discuss and address the most pressing challenges the industry is facing today, such as safety in warehouses, the security in high-value supply chains or dangerous goods transport.

Attendees gained insights into the latest safety protocols, technological advancements designed to safeguard assets, personnel, and data throughout the logistics chain. Whether you're a logistics manager, transport operator, or safety officer, this event offered a unique opportunity to enhance your knowledge, share experiences, and network with peers.

The speakers were Serge Soucek from DGM Luxembourg, Frederic Masurel and Laurent Hick of Luxcontrol, Baptiste Mansinho from Securitas, Laurent Hick from Luxcontrol Oliver Jung from Jungheinrich.

The Cluster for Logistics Luxembourg - C4L extends its gratitude to Diddeleng Ville de Dudelange for hosting the round table discussion on 24th September 2024 concerning the current situation and challenges faced by enterprises in Dudelange. Special thanks to Lex Delles and Biancalana Dan for their excellent insight into further developments.

KNOWLEDGE SHARING

Page 23

14.10. Swiss Students Delegation @ C4L

For the second time, the Cluster for Logistics welcomed Swiss bachelor students from the EWAG school. The Cluster presented the Luxembourg logistics sector. The students also met with a representative from the Swiss Embassy.

16.10.Startup Event with Corp Pearls and EY on Inspiring Innovation

The Future of Autonomous driving and Supply Chain @ Luxembourg Venture Days

The Cluster for Logistics, CorpPearls and EY Luxembourg, in partnership with the Ministry of Mobility and Public Works, invited to an innovation and start-up pitch event Inspiring Innovation: The Future of Autonomous Driving & Supply Chain at the Luxembourg Venture Days. Anthony Cannella, Partner, TMT and EYnovation Leader welcomed the 40 guests at the venue in the LuxExpo.

Joost Ortjens, Head of International Business Development - Automotive at Luxinnovation presented the mobility projects in Luxembourg and emphasized the importance of pony.ai. Andreas Reschka, Senior Director of Product, Systems, and Safety at pony.ai was called in from the US and gave an overview on their plans in robotaxi deployment in Luxembourg.

Panel Moderator Tobias Verlende, Managing Partner of CorpPearls, discussed the potential for private and institutional investors in the sector with Owen Reynolds from TEKLAS Ventures and Stephane Petti from EIB.

Meet the four Start-up companies that pitched their Ideas:

YAAK - www.yaak.ai - Søren Halskov Nissen, Co-Founder & CEO

Hybrid Lidar Systems - www.hybrid-lidar.com - Ingo Dietterle, CEO

IVEX - ivex.ai - Mario Torres, CEO

OTIV - www.otiv.ai - Sam De Smet, Co-founder

The Cluster for Logistics thanks all the participants of the event and the organizers of Luxembourg Venture Days.

KNOWLEDGE SHARING

24.10. Sustainable Entrepreneurial Schools

Daniel Kohl presented the Luxembourg logistics sector to high school teachers at the Ministry of Education in Clausen in the framework of the Sustainable Entrepreneurial Schools (SES) project.

The SES project is an initiative of the Department for the Coordination of Educational and Technological Research and Innovation (SCRIPT) in collaboration with the Direction générale des classes moyennes.

18.11. Welcome New Members @ PwC Luxembourg and Xpedité on the Impact on GenAI

The Cluster for Logistics was delighted to host the New Members Welcome Event at PwC Luxembourg on 18th November 2024. The event in the beautiful premises of PwC Luxembourg was a great occasion to bring together our newest members and established community participants. The event gathered about 40 guests and allowed new members to make new acquaintances among the members.

The new companies and personal members introduced themselves and their companies to the audience before engaging the networking session. The informal format allowed for a relaxed meeting.

Knowledge sharing is a cornerstone of our meetings, and the C4L seized the opportunity to spotlight advancements in Generative AI (GenAI). Recognizing PwC Luxembourg's expertise in this field, we collaborated to explore the transformative potential of GenAI in the logistics sector. Complementing this, Aimane Ben M Hand from Xpedité, a Netherlands-based company, demonstrated how Advanced AI Training can enhance logistics operations.

C4L CELEBRATES 15 YEARS!

The Cluster for Logistics Luxembourg - C4L celebrated its 15th Anniversary with a conference themed **Leadership in Logistics: The Past, the Present, and the Future**. Carlo Thelen, President of the Cluster for Logistics, opened the event, followed by a keynote speech from Yuriko Backes, Minister for Mobility and Public Works. The event featured two insightful panel discussions, moderated by Daniel Kohl and Jil Brimaire, where past and present industry leaders reflected on the evolution of logistics and shared their visions and key focus points for ensuring the future attractiveness and competitiveness of the Luxembourg logistics sector.

At the same time, the **6th edition of the Luxembourg Logistics Best Student Awards** was celebrated:

☀️ Congratulations to the talented recipients of the Best Student Awards, representing the next generation of logistics professionals!

The Cluster extends its gratitude to all the speakers, guests, and sponsors for making the evening unforgettable!

What Is In For You!

At the Cluster for Logistics Luxembourg (C4L), we are dedicated to enhancing the competitiveness and innovation of the logistics sector. Here's how we can support you:

1. **Networking Opportunities**

- Events and Workshops: Participate in our regular events and workshops designed to foster collaboration and knowledge exchange among industry professionals.
- Organising Networking Events: We organize events to facilitate networking among our members, helping you build valuable connections.
- International Connections: Gain access to international logistics organizations and participate in global conferences and fairs.
- International Matchmakings: We arrange international matchmaking opportunities for our members within conferences and fairs.

2. **Advocacy and Representation**

- Policy Advocacy: We communicate your needs and recommendations to governmental authorities to shape policies that benefit the logistics sector.
- Communicating Recommendations: We actively communicate recommendations to governmental authorities to ensure your voice is heard.
- Sector Representation: Representing Luxembourg's logistics sector in international forums to ensure your interests are heard.
- International Representation: We represent the national logistics sector in international organizations, advocating for your interests on a global stage.

3. **Innovation and Competitiveness**

- Workgroups: Join our specialized workgroups focused on improving the competitiveness of the logistics sector through innovative solutions.
- Managing Workgroups: We manage workgroups aimed at enhancing the competitiveness of the logistics sector.
- High-Value Services: We support the development of niche markets with high-quality standards and added value services.

4. **Information and Resources**

- Accurate Information: Receive up-to-date information and advice to make informed decisions for your business.
- Market Insights: Stay informed with our market analysis and industry trends to stay ahead of the competition.

5. **Visibility and Recognition**

- Promotional Support: Increase your visibility through our promotional activities and events.
- Recognition: Benefit from our efforts to enhance the recognition of Luxembourg as a key logistics hub in Europe.
- Increasing Recognition: We work tirelessly to increase the recognition of logistics in Luxembourg, both locally and internationally.

6. **International Collaboration**

- Sharing Experiences: Meet other international logistics organizations to share common experiences and best practices.
