

An Ecosystem of Support Initiatives for Transport and Logistics

A Lean & Green Event

Thursday, 6th July 2023

Register via:

16:30 - 18:30

House of Entrepreneurship

The Cluster for Logistics invites you to an information and networking session to learn more about financial aid schemes and support initiatives eligible for transport and logistics activities in Luxembourg. In total, four public and private initiatives will be introduced by the House of Sustainability, Luxinnovation, the Ministry of the Economy and the Energieageance. Additionally, Gryn's CEO, Oliver Ritzmann, will present their carbon visibility and collaboration platform, focusing on scope 3 reporting. Finally, the event is rounded off with a networking cocktail.
