Cluster for Logistics Conference **Energizing Freight Transport for a Green Future**

**Thursday, 9th November 2023
15:30 - 18:15
Chamber of Commerce**

Registration:
www.c4l.lu/energize

Decarbonization of freight transport is a pressing and transformative challenge for our rapidly evolving world. The pursuit of sustainability is reshaping the way we think about supply chains, transportation, and commerce. The implementation of EU directives and new technologies will shape the future of the transport sector.

Join this conference to learn more about energizing road freight transport for a green future.
